# Uvod

## Korišćeni programski jezici i tehnologije

- HTML5
- CSS3
- JavaScript
- jQuery
- jQuery biblioteka Slick Slider
- plugin Scrolly.js
- JS library Breakpoints.js
- Visual Studio Code
- Bootstrap

## Opis funkcionalnosti

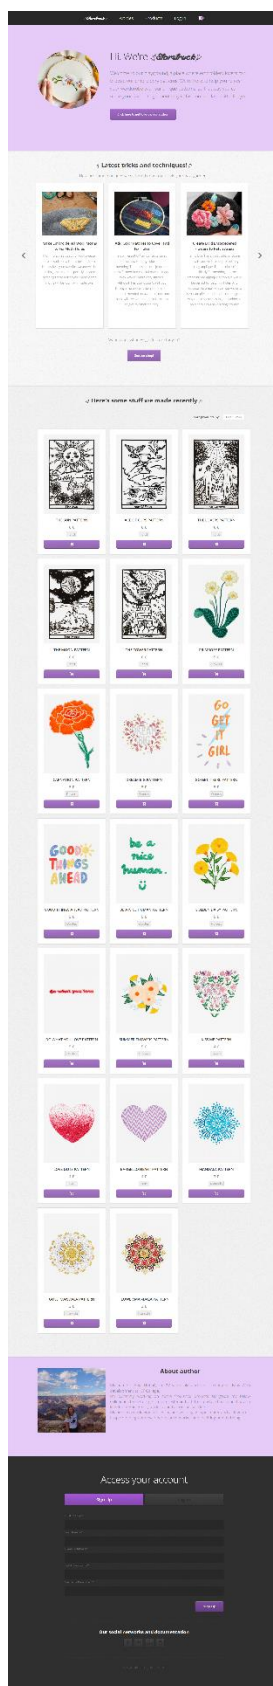

Sajt sadrži sledeće funkcionalnosti:

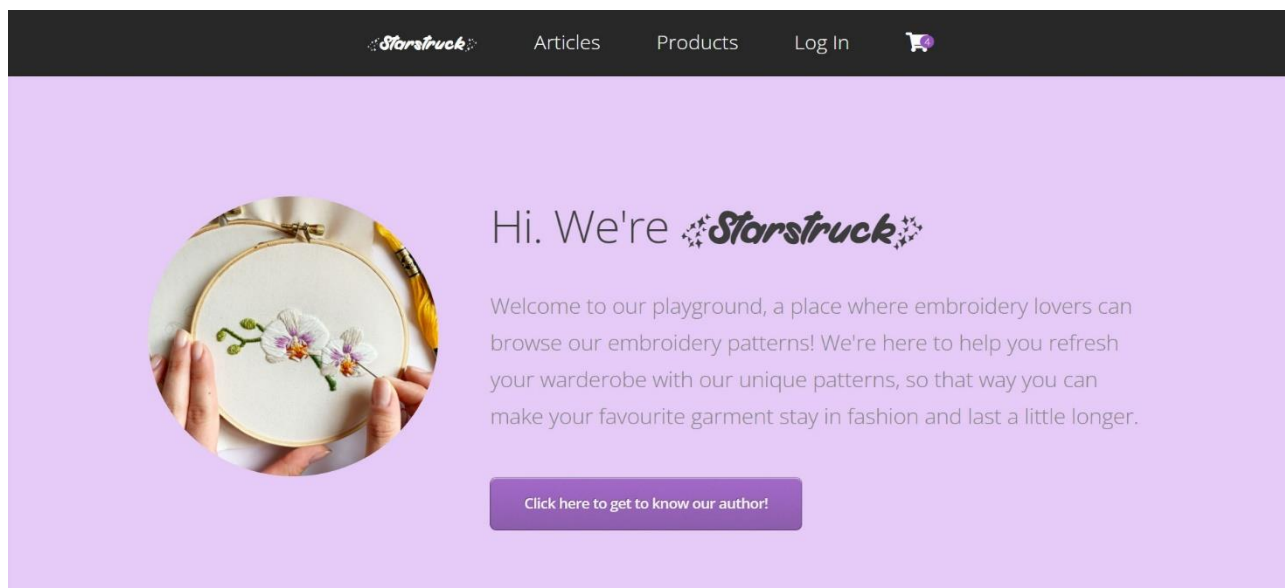

- Provera podatka forme koja se vrši regularnim izrazima
- Dinamičko učitavanje za proizvode i članke
- Prikaz članaka u vidu slajdera (carousel)
- Sortiranje proizvoda
- Dodavanje proizvoda u korpu (prikaz količine artikala)
- Optimizovan za sve vrste uređaja

## Template

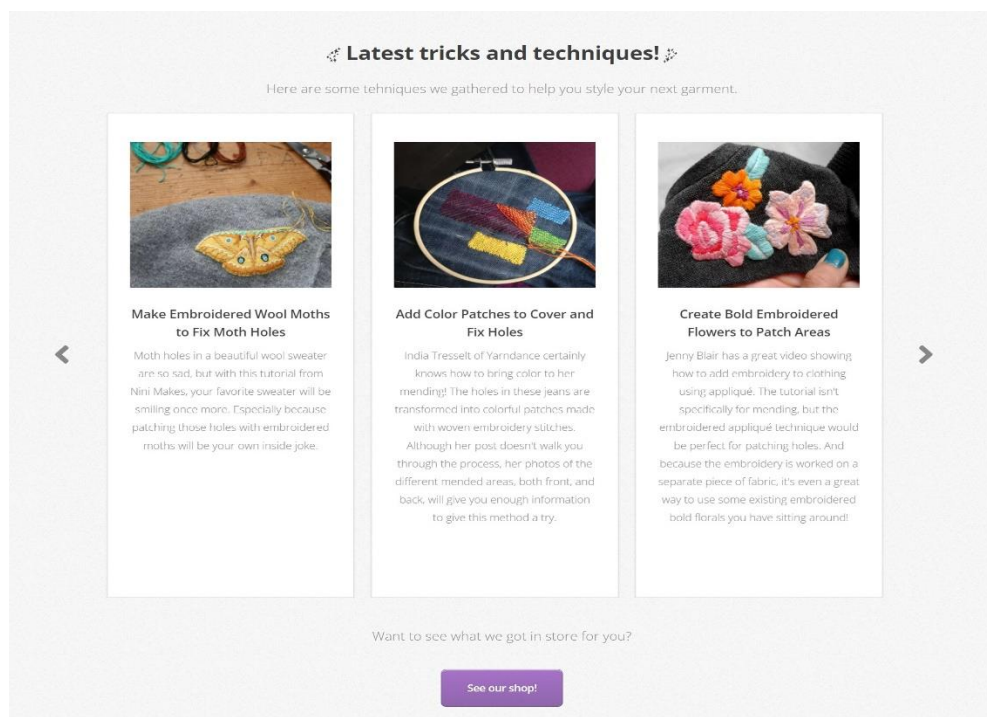

Sajt je rađen kao Single page website, sadrži samo jednu stranicu.

Celokupni izgled sajta :

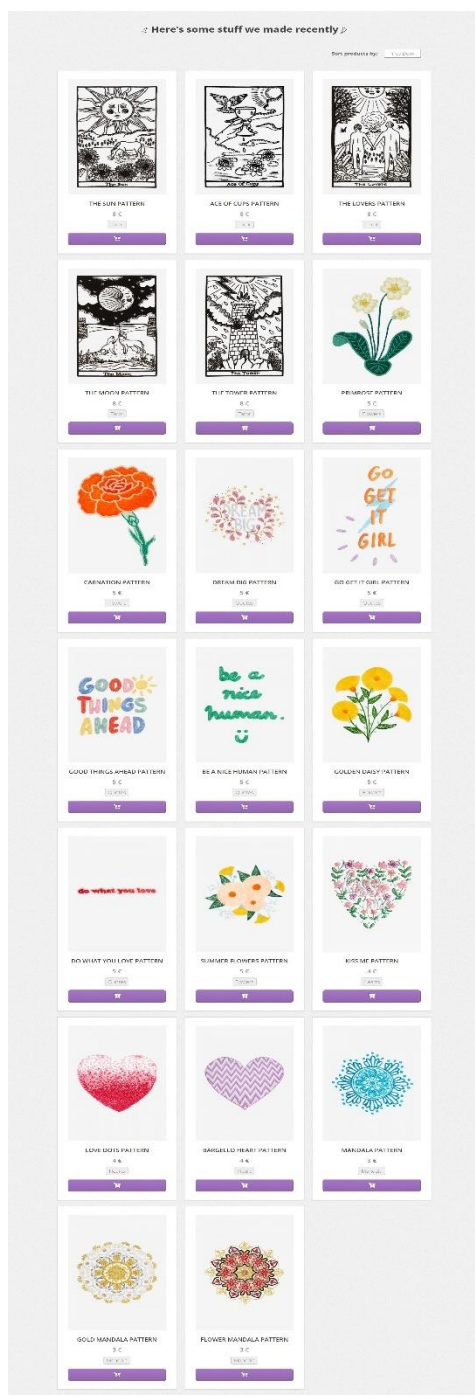

Nav div koji sadrži linkove koji vode ka određenim sekcijama ove strane, takođe sadrži i logo link (prvi s leva) koji vodi na vrh stranice, kao i cart logo koji označava koliko se nalazi artikala u korpi. Top div sadrži uvodni tekst i link koji vodi ka sekciji autor.

Ovaj div sadrži članke dinamički ispisane, koji su organizovani u vidu slajdera (carousel), koji se može upravljati preko strelica koje se nalaze sa strane, kao i prevlačenjem preko samih članaka. Na kraju sekcije se nalazi link ka prodavnici odnosno sekciji sa proizvodima.

## Shop

Div sadrži proizvode dinamički ispisane u redovima od po 3, koji sadrže

## Dokumentacija

informacije o proizvodu kao i dugme za dodavanje u korpu, pri čijem kliku se na cart logo-u u nav meniju ispisuje broj dodatih proizvoda. Ova sekcija sadrži i sorting listu pri čijem se odabiru sortiraju proizvodi po alfabetu kao i po ceni (rastuće ili opadajuće).

### *Author div*

#### About author

My name is Anja Hubač, I'm 27 years old and I'm currently studying Web development at ICT College.

I'm currently working on some freelance projects alongside my fellow colleagues from College. I'm interested in both frontend and backend. I have a little bit of Vue, React, Node.js and Laravel knowledge.

My previous work experiences include working as a promoter and a lifeguard. I aspire to be great developer, best co-worker and inspiring human being.

Div autor sadrži informacije o autoru sajta.

### *Form+footer div*

### Access your account

[Sign Up](#)[Log In](#)

First Name\*

Last Name\*

Email Address\*

Set A Password\*

Confirm Password\*

[Sign Up](#)

#### Our social networks and documentation

[f](#)[in](#)[+](#)[d](#)

© 2020 Hubač. All rights reserved.

The screenshot shows a dark-themed login interface titled "Access your account". At the top, there are two buttons: "Sign Up" (dark grey) and "Log In" (purple). Below these are two input fields: "Email Address\*" and "Password\*", both with dark grey backgrounds. A purple "Log In" button is positioned to the right of the password field. The entire form is set against a dark grey background.

Footer deo se sastoji od nekoliko linkova ka društvenim mrežama, kao i linka ka sitemap i dokumentaciji.

Forma ima dva taba – Sign Up i Log In. U zavisnosti od odabranog taba se prikazuje targetirana forma koja se validira uz pomoć regularnih izraza, pri čemu se u slučaju loše unesenih podataka prikazuje crveni border za grešku kao i tekst upozorenja ispod input polja. U slučaju dobro unesenih podataka i pritiskom na dugme, ivica input polja se boji zeleno.

The screenshot shows the same dark-themed interface, but now the "Sign Up" button is purple and the "Log In" button is dark grey. The form contains five input fields, all with red borders indicating validation errors: "First Name\*", "Last Name\*", "Email Address\*", "Set A Password\*", and "Confirm Password\*". Each field has a corresponding error message in small text to its right: "First letter must be capitalized" for both name fields, "Email should be in form of example@mail.com" for the email field, "Password must be at least 8 characters long and contain a number, uppercase and lowercase letter" for the password field, and "Passwords do not match" for the confirm password field. A purple "Sign Up" button is located at the bottom right of the form.

# Organizacija

S obzirom da je sajt Single page website, on sadrži jednu jedinu stranicu, međutim, na njemu se nalaze linkovi (u navigacionom meniju) koji vode ka targetiranim sekcijama ove stranice.

  let articleHeaders = [
    "Freestyle Stitch Around Holes",
    "Make Embroidered Wool Moths to Fix Moth Holes",
    "Add Color Patches to Cover and Fix Holes",
  ]
```

```
"Create Bold Embroidered Flowers to Patch Areas",  
"Cover Stains With Beaded Embroidery",  
"Stitch Jeans With Sashiko and Boro Repair",  
"Rescue a Favorite Sweater With Modern Spots of Satin Stitching",  
"Mend a Pocket With Embroidery That Strengthens and Embellishes",  
"Patch With Colorful Fabric and Creative Stitching",  
];  
let articleText = [  
  `While some visible mending covers up tears, Hunter Hammersen at Pantsville  
Press turned the holes in a favorite sweater into embroidery that shows off and  
accentuates those holes. She improvised, experimenting as she went, and shares a  
collection of posts showing the different areas of stitching so you get plenty of  
ideas from her experience.`,  
  `Moth holes in a beautiful wool sweater are so sad, but with this tutorial from  
Nini Makes, your favorite sweater will be smiling once more. Especially because  
patching those holes with embroidered moths will be your own inside joke.`,  
  `India Tresselt of YarnDance certainly knows how to bring color to her mending!  
The holes in these jeans are transformed into colorful patches made with woven  
embroidery stitches. Although her post doesn't walk you through the process, her  
photos of the different mended areas, both front, and back, will give you enough  
information to give this method a try.`,  
  `Jenny Blair has a great video showing how to add embroidery to clothing using  
appliqué. The tutorial isn't specifically for mending, but the embroidered appliqué  
technique would be perfect for patching holes. And because the embroidery is worked  
on a separate piece of fabric, it's even a great way to use some existing  
embroidered bold florals you have sitting around!`,  
  `Sometimes the repair your clothing needs isn't mending, but covering a  
permanent stain. Embroidery works for that too! Marysia at DaWanda shows how to  
cover a wine stain with beaded embroidery. The result looks like a beautifully  
sparkling spill!`,  
  `The Japanese art of sashiko embroidery is commonly used for mending, often  
using a method called boro to patch fabric back together. Honestly, WTF teaches how  
to use these techniques to repair jeans. The result is a fashion piece that will  
make you want to wear out your clothes faster, just so you can mend them with  
sashiko!`,  
  `This moth-eaten cashmere sweater takes on a whole new look when mended with  
tiny bits of colorful stitches. Knitted Bliss repaired the issues, then added a few  
extra areas of stitching so it looks more intentional and less like a patch. To use  
this method, start by sewing the hole together, then cover it with small blocks of  
satin stitch worked in different directions.`,  
  `Clothes often tend to wear more quickly in specific locations, and the area  
around back pockets can experience extra stress. When that happens, use this  
tutorial from Shiny Happy World for mending the tear, then reinforcing and  
decorating with hand embroidery. It's functional and so pretty!`,  
  `In this post showing four methods for mending or patching clothes, Design Mom  
shows how an under patch can be extra strong, and extra cute. She starts with a
```

strong, fusible bonding material, and then adds decorative embroidery stitches where you might normally sew with a sewing machine. And the cross stitches aren't the only option for stitches here. Try adding lazy daisies, swirls or any little designs you like!`,
